# ORC/HCA ACTIVITIES IN JANUARY

## Final event YInfoPioneers

We decided to mark the beginning of the new year 2024 by presenting the results of the successfully completed **YInfoPioneers** project, whose activities you have read about in the previous months. We have implemented the project together with partners from Croatia, North Macedonia, Montenegro, Bosnia and Herzegovina and Albania, and with **ERYICA, the European Youth Information and Counseling Agency**.

At the final event, which was held on January 19, 2024 in the Atelier of Ismet Mujezinović, we addressed the youth present, representatives of the city administration, representatives of local NGOs and activists, the media. The most memorable activities are highlighted, such as focus groups, Dialogue Day, and educational seminars.

The attendees showed great interest in the topic of youth information centers, and a discussion was initiated on the possibilities of establishing them, their potentials and advantages.

## CAT Bosnia and Herzegovina

And during January, we continued with our regular activities as part of the initiative "CAT – Bosnia and Herzegovina".

Our cats continued to delight the public on social networks with many memes, invitations to seminars, positive stories about young people from Bosnia and Herzegovina.

If you still do not follow our cats – we invite you to do so at:

[Facebook](#), [Web Portal](#), [Instagram](#) and [Youtube channel](#).

## Tuzla Youth Resource Center - a winner of NATO Star

That your efforts and work pay off are proof of the smiles of young people you work with and their positive stories from your events, educations, seminars, social media posts, and conversations with their friends, but there is additional motivation when someone decides to reward your hard work. Representatives of the Tuzla Youth Resource Center, **Slobodan Blagovčanin and Mirela Biković**, on January 25, 2024, at the Gala Dinner, i.e. the ceremony, were awarded in honor of heroes out of all the place over Bosnia and Herzegovina who contributed to

peace and security in Bosnia and Herzegovina and the region.

We thank NATO Headquarters for their trust and for following our work. ***"This recognition is a big wind at our backs and it really came completely unexpected, so it probably makes us even more proud. In a country where young people are often forgotten and neglected, it is wonderful to know that there are organizations and people who see our commitment and who consider us equal partners in the process of building peace and a secure society as a whole."*** said our Slobodan Blagovčanin.

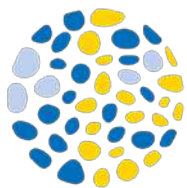

## Training with Youth Center Prnjavor

An extended weekend always sounds good, but when a seminar is involved, it sounds even better! Our **Suzana Dušanić** participated in the peacebuilding training in Sarajevo from 19 to 21 January 2024, organized by the **Prnjavor Youth Center**.

Participants had the opportunity to learn from **Berina and Belmin** all about stereotypes, prejudices, discrimination, the influence of politics and media, hate speech and social cohesion. In addition to transferring knowledge, practical tasks and a lot of fun, the participants created three unique

action plans that they plan to implement in their local community, Prnjavor.

## Meeting of members of the ALF Network Slovenia

In Ljubljana, Slovenia, on January 23, 2024, organized by the main office of the Slovenian network ALF – **Institute "POVOD" Ptuj**, an annual meeting of members of ALF Slovenia was held. The meeting was also attended by **Miralem Tursinović** – **coordinator of ALF BiH**. During the meeting, members of ALF Slovenia were introduced to the activities of the Bosnia and Herzegovina ALF Network, and we discussed the possible development and directions of cooperation between BiH and Slovenian organizations. One of the topics, but also the possibilities of cooperation, was the upcoming call "ALF in motion", cooperation and exchange between ALF member organizations from Europe and the Mediterranean.

## Final meeting of partners of the YinfoPioneers project – Ljubljana, 24th–25th, January 2024

In Ljubljana, Slovenia, in the period from 24 to 25 January 2024, the final meeting of partners in the project "YinfoPioneers" was organized. The meeting was an opportunity to partner in a two-year project: **ERYICA European Youth Information and Counselling** Agency, PORAKA NOVA, North Macedonia, Forum MNE Montenegro, CEREBRA Banja Luka and ORC Tuzla, BiH, ŠKUC Slovenia, YNO Albania and Catalan Youth Agency Barcelona. The meeting summarized the results and activities of the project: Local meetings with young people, government representatives and other stakeholders, development of strategies for the development and coordination of youth info centers in the Balkans, delivered trainings, and other administrative issues. At the meeting, it was agreed that the members of the consortium continue to cooperate even after the expiration of the project, as well as to continue with the exchange of all information concerning young people in the Balkans (conferences, workshops, exchanges, jobs ...).

In Ljubljana, partners also had the opportunity to study visit organizations and associations of citizens engaged in the same or similar activities. Within this we visited: **DrogArt Association** – a private, non-profit and volunteer association that deals with the reduction of harmful effects that drugs and alcohol have among young people; **Info Centre ŠKUC** (Študentski kulturni centar) – one of the leading Slovenian NGOs engaged in the promotion of cultural and artistic activities in Slovenia; Representative of **the Youth Office of the City of Ljubljana** and representatives of **the Youth Council of Slovenia**; **Association Legebitra** – LGBTIQ+ non-governmental organization dealing with the protection of human rights, education, mental, mental and sexual health and advocacy of social and systematic changes in Slovenia.

## ORC AND HCA TUZLA REGULAR ACTIVITIES

During January, we worked on maintaining and developing communications and coordination within the Youth Network of Bosnia and Herzegovina ([www.orctuzla.ba](http://www.orctuzla.ba)). Within that, we distributed information interesting for young people and youth activism in BiH on a daily basis on the mailing list ([omladina@orctuzla.ba](mailto:omladina@orctuzla.ba)), but also to other addresses in Bosnia and Herzegovina and the region. We corresponded with organizations and individuals interested in the work of the network, responded to inquiries related to certain activities, education and other information related to youth activism in BiH. Also, our project team continued to apply for projects.

## HCA/ORC PLANS FOR FEBRUARY 2024

- ❖ Preparation and implementation of joint activities within the ALF BH Network – "ALF Days" in Banja Luka;
- ❖ Preparation and maintenance of on-line education of members of the ALF network of BiH within the call ALF – ALF Hands on"
- ❖ Continuing to work on projects, fundraising...

**Inclusion of young people through sports bridges: Project of the Association 'Dijamant' from Jajce and 'Centre for Rural Development – SEE'**

### SPORTSKI MOSTOVI ZA INKLUZIJU MLADIH

Within the project "Sports Bridges for Youth Inclusion", the Association "Dijamant" from Jajce, joins forces with the partner organization "**Centre for Rural Development – SEE**" from **Struga, North Macedonia**. The project is supported by **the Regional Youth Cooperation Office (RYCO). Tirana-Albania**.

This project aims to bring together young people from different countries through sports activities and educational initiatives, in order to promote social inclusion, diversity and international friendship. Young people from both associations will connect through online sessions to get to know each other, exchange information about their interests and form teams to work together.

Young people will prepare for sports activities through online and offline training. Online platforms will allow them to share video training and exercises, so that everyone is involved, regardless of location.

Online workshops will connect sports activities with discussions and projects, where young people will work together on topics that promote inclusion, tolerance and diversity. The project also includes workshops on entrepreneurship, promoting also the importance of creative writing.

In addition to sports activities, the project will provide young people with education on a healthy lifestyle and physical activity. The organization of a sports tournament in volleyball and indoor football will include teams composed of young people from both countries, with the aim of emphasizing international friendship and sports cooperation. Young people will also have the opportunity to learn about different cultures and traditions, which will enable a better understanding of diversity and strengthening links among young people. During the activities of sports meetings, young people from Macedonia will visit Jajce-BiH, which will further strengthen international cooperation and understanding.

These young people often face additional obstacles in realizing their potential and achieving social inclusion. Limited access to education, employment, cultural content and activities can lead to feelings of exclusion and insufficient support. Their opportunities to develop skills, create positive experiences and establish mutual connections are often limited.

The project implementation team organized one in a series of planned activities - a one-day training on the topic of entrepreneurship, with a focus on acquiring basic knowledge and skills of writing project proposals / business plan for young people of Jajce and Donji Vakuf. Participants expressed considerable interest in the area.

The project "**SPORTS BRIDGES FOR YOUTH INCLUSION**" is supported by the Regional Youth Cooperation Office (RYCO).

### **Anywhere, STEM everywhere**

Input Youth Center's project "Anywhere, STEM Everywhere", which provided an opportunity for education, inspiration and innovation in the fields of STEM, technical culture, robotics and programming. This project brought together more than 200 students from Zenica-Doboj Canton (ZDK), providing them with the opportunity to acquire valuable skills. During the duration of the project, our students had the opportunity to explore the world of STEM (science, technology, engineering and mathematics) through various workshops focused on web programming and orientation. Through dynamic activities and practical exercises, participants have acquired basic knowledge and skills that will benefit them in the future. Special emphasis was placed on teamwork, creativity and problem solving, and the results were outstanding. We saw how our students not only acquired new knowledge, but also developed confidence and enthusiasm for further learning. This project would not have been possible without the support of our lecturers, mentors and sponsors, who have invested their time and resources to provide the best experience for our students. We would like to thank them for their dedication and support throughout the project. We proudly look back on the achievements of our students and look forward to future initiatives that will advance education in our common area. "Anywhere, STEM Everywhere" is not only a project, but also a roadmap towards the development of young talent and a future marked by innovation. Thanks especially **to the Federal Ministry of Development, Entrepreneurship and Crafts** and who contributed to the success of the project "Anywhere STEM everywhere, and we look forward to new challenges and opportunities that will shape children and young people in the years to come.

### **Science Day at the Input Youth Center**

We marked the Day of Science with great educational and scientific workshops at **the Input Youth Center**, in cooperation with **the Association of High School Students in Bosnia and Herzegovina Local Team Zenica** as part of the project "Today I am researching".

Our members and volunteers, together with the students **of the First Gymnasium in Zenica and the Second Gymnasium**, discovered the wonders of science!

Great workshops were held and a class for eighth grade students where our dear volunteers had the opportunity to share their knowledge and experience with the students of elementary school "Vladimir Nazor".

Exciting activities included working with 3D pens, constructing and connecting electric circuits, making arduino projects like traffic lights and even programming a robotic arm!

Thank you to all volunteers, students, **ASU BiH Local team Zenica**, teachers **Aldina Nadžaković** and professor **Adi Salčinović** who contributed to making this day unforgettable!

## Local Youth Services in Zenica-Doboj Canton

In December 2023, YOUTH CENTER INPUT successfully completed the implementation of the project "Local Youth Services", which aimed to establish communication with young people (leaders) and municipal and city authorities in Zenica-Doboj Canton (Zenica, Visoko and Zavidovići) and 9 municipalities (Breza, Doboj-Jug, Kakanj, Maglaj, Olovo, Tešanj, Usora, Vareš and Žepče), with young people (leaders) and municipal and city authorities, i.e. officials operating in municipalities and cities for youth issues.

In the first part of the project "Local Youth Services", representatives of the Youth Center INPUT visited 12 municipalities and cities and talked with mayors, mayors and youth officials about the situation and activities of young people in their municipalities, cities, as well as connectivity and communication of young people and officials and assistance from municipal and city authorities. The situation on the ground was different in some municipalities, cities have very nice communication and conditions for young people, and in some not from the side of officials or from the side of young people.

After the visits and promotion of the project "Local Youth Services" as well as calls for training for youth leaders in the community.

Training was also held for 15 young people from 12 local communities where they had the opportunity to learn about youth work, activism, volunteerism, how to be a youth leader, key techniques of youth work, motivation and starting young people towards activism, and the last day of training writing and managing the project cycle. Through training, young people developed their skills through practical examples and tasks with the advice and instructions of experts in the field of youth work, who shared their rich experience in working with

young people and encouraged our participants to further develop in this direction. Through practical simulation, young people had the opportunity to show themselves as future leaders of their communities, and try to propose a solution to the problems they have noticed or faced in their environment and society. They had the opportunity to acquire basic knowledge in writing and managing the project cycle, and how to present this project to their society and prove that they are the ones who are capable of making changes.

**The project is supported by the Federal Ministry of Culture and Sports and the Ministry of Education, Science, Culture and Sports of Zenica-Doboj Canton.**

## A combination of knowledge and humanity

In the Youth Center INPUT was held education for young people in the field of Web development within the program INPUT academy., web development course. Through a comprehensive course, participants had the opportunity to learn the basics of HTML, CSS, JavaScript, and learn how to efficiently place their work on the GitHub platform.

The training, which lasted from December 2023 to January 2024, was a challenging adventure for all participants. During this period, the participants showed exceptional dedication and inexhaustible energy in learning and work. Their motivation and desire to improve were key factors that contributed to the successful completion of the course.

Under the mentorship of young and inspiring lecturer **Amer Alić**, the participants not only mastered the techniques of web development, but also developed creativity and the ability to work independently. Amer Alić was not the only educator in the course - the participants had the opportunity to hear the experiences of other experts in the field.

Guest lecturers, including **Adin Jahić**, software engineer, Prof. Dr. **Bakir Čičak**, **Alan Avdić**, software engineer and **Adi Salčinović**, MA, contributed to the diversity of the Web development course. Their expertise and practical experience have enriched the lectures, providing participants with additional perspectives and a deeper understanding of the complexities of web programming.

At the last class, the trainees presented their projects, applying the acquired knowledge in a creative and functional way. After successful presentations, they were presented with certificates of successfully completing the Web development course, which represented not only a reward for their efforts, but also a confirmation of acquired skills.

This education was not only an opportunity to acquire IT knowledge in the field of Web development, but also showed humane young people who, by sucking up to participate in the course, i.e. donated funds for the Merhamet Zenica Ro for the soup kitchen. Students' commitment to learning and enthusiasm are a shining example of how selected education can transform individuals into experts ready for the challenges of modern web technologies.

### Young leaders in the community: love of cycling launched the 'aj na bajk' initiative

Thanks to the sense of responsibility towards the community and leadership skills she acquired through the learn, think and act! training, Sevda Muratović from Velika Kladuša decided to take concrete steps to motivate fellow citizens, especially young people, to love cycling and make it an integral part of her life through the local civic initiative 'aj na bajk'.

Sevda has organized a series of activities that promote cycling as a healthy and fun activity, but also education for the community about the importance of healthy eating and regular physical activity. Education provided insight into the importance of proper nutrition and regular physical activity, highlighting the benefits that cycling can bring in maintaining a healthy lifestyle. Participants had the opportunity to hear first-hand the experience of a professional athlete, getting the motivation to introduce healthy habits into their lives.

Another key activity of the initiative was an interactive class for children in which the focus was placed on the importance of physical activity and proper nutrition, and included exercises and a short mobility competition where the little ones could receive prizes. Through play and education, children have created awareness of the importance of active life, developing a love for healthy habits at an early age.

Sevda, in addition to being a lover of cycling, is also a visionary, who with her commitment to the community changes the way of thinking of her fellow citizens, and her commitment to encouraging healthy lifestyles and love for cycling makes her a real inspiration for all generations in Velika Kladuša.

This initiative is implemented in partnership with the Association of Youth Organization "Democratic Youth Organization" from Velika Kladuša, with mentoring and financial support of the Institute for Youth Development KULT.

### Job shadowing: We share knowledge in 2024!

The Institute for Youth Development KULT continues to visit partner organizations in 2024. The first organization to visit the Institute this year is the Association for Psycho-Social Support and A Better Future "Progres".

Representatives of this organization had the opportunity to see how the Institute works in practice, socialize with employees, take with them new knowledge that will be useful and applicable in the work of their organization and gain a new, positive experience.

Association for Psycho-Social Support and a Better Future "Progres" is a partner organization that participates in the program of strengthening organizational capacities through the Strength of the Local.

The Institute for Youth Development KULT has developed the concept of Job shadowing that will provide civil society organizations in Bosnia and Herzegovina with a new perspective on organizational development. In the year that is behind us, visits have proven to be very useful, and partner organizations often decide in

their work to start applying what they learned in visiting the Institute.

You can read more about job shadowing. [HERE](#), and if you have additional questions, you can contact us via e-mail address [selma.slijivo@kultbih.org](mailto:selma.slijivo@kultbih.org).

## Public call for basic training of youth officers in BiH

The Institute for Youth Development KULT announces the Public Call for Basic Training of Youth Officers, which will be open until April 10, 2024.

The full text of the public call for the FBiH can be downloaded [HERE](#) And for RS [HERE](#). The application form for both calls can be downloaded [HERE](#).

Note: An official from the Brčko District of BiH can use both entity calls, and the Law on Youth of Brčko District of BiH will be equally represented during training as entity laws dealing with youth issues.

OBUKA  
**JAVNI POZIV**  
za učešće na obuci za  
službenike/ce za mlade

The purpose of training of officers is to enable the participants to independently perform the duties of youth officers by obtaining a certificate of knowledge on youth policy and youth work, and that persons who in the civil service perform or intend to perform the function and duties of officers are professionally trained for youth work with the possession of professional competences and certificates necessary for the performance of this position in a civil service body.

The training runs from **May to December 2024**, including the final exam. The awarding of certificates to successful trainees is planned upon completion of the training in December 2024.

Civil servants working with young people at the municipal, city and cantonal levels and other interested persons over the age of 18 with at least a secondary education can apply to the public call.

All necessary documentation should be received **no later than April 10, 2024** by mail or in person at the address of the Institute for Youth Development KULT. Applications that do not arrive by the specified deadline will not be considered.

All additional information about training and application to the public call can be found in the text on the website of the Institute for Youth Development KULT: <https://s.mladi.org/sluzbenici>

## YOUTH ORGANIZATION "SVITAC"

FB: [www.facebook.com/omladinska.svitac](https://www.facebook.com/omladinska.svitac)

### Daily workshops

The youth organization Svitac continued with daily interactive and online activities. The younger participants did creative and age-appropriate educational things, with the help of local and international volunteers. This month they continued with various themes: ancient Greece, the culture of Egypt, geometric shapes, New Year's holidays, winter holidays. The youngest participants enjoyed the creative part and modeling fun objects (e.g. holiday decorations, various animals they made from paper). The group continued with music workshops, rehearsing rhythms and songs. Participants continued to learn Latin by practicing writing the letters C, Ć, D, Đ and Dž. They did warm-up exercises and yoga for the kids, and every Thursday they danced, played sports, and practiced attention and concentration reading and listening to stories. At the workshops of English, German and Turkish, they learned words related to household, everyday life, weather and holidays. The aim of these educational activities is for children to develop their imagination and to express

their creativity using various materials, and to develop motor skills, memory, a sense of tolerance and respect for others and adopt good behavior. All workshops are implemented with an educational visual method with pictures and video.

Age 13+ participated in discussions/workshops on the topics: human rights, peace, freedom, climate change and volunteering. In this way, we want to provide young people with a safe and neutral space, in which they can speak their minds.

In English and German workshops they worked on practicing grammar and everyday communication, reading and translating short texts and phrases, school homework and interesting projects.

## Guitar workshops

Participants continued to rehearse scales, arpeggios, chords and cadences in multiple tonalities and bass lines in different genres.

## Samba workshops

The group continued to work on a new musical idea. Jazzy melody in D minor under the working title "Improvisation 1". They also rehearsed compositions from the past period.

## Music workshops

Participants continued to rehearse their own composition called "Elephant", including the introduction, ending, and main theme using q&a techniques.

## International Day of Education

International Education Day is celebrated on January 24 th around the world under the auspices of UNESCO. This day is a symbol of strengthening the role that education plays in creating global peace, development and progress. Youth organization Svitic marked the International Day of Education with participants up to seven years of age in an educational and creative workshop. In the first part, we talked about the importance of education. In the creative part, the participants together with the

volunteers made a large format book as a symbol of learning, and in it they drew how they see themselves in school. The workshop was held in the premises of the Youth Center of Brcko District.

For February, the continuation of all activities of the Youth Organization Svitic is planned.

# INFORMATION / ANNOUNCEMENTS / DONORS / CALLS

## 1. Virtual exchanges – ONAuBiH

The Youth News Association in Bosnia and Herzegovina (ONAuBiH), together with the associations Institute for Media and Diversity - Western Balkans (Serbia), Forum Youth and Informal Education (FORUM MNE) from Montenegro and Mladinski Obrazoven Forum (YEF) from North Macedonia within the project *Youth in Western Balkans – A Virtual Postcard* will conduct online virtual exchanges in the next two years.

Virtual exchanges will be led by trainers who have undergone training in the previous months. These virtual **exchanges are intended for high school students and students aged 15 to 25**. The topic of intercultural dialogue will be covered through a conversation about everything that affects it: stereotypes and prejudices, hate speech, communication, social networks, media literacy. Each virtual exchange will last **3 to 4 hours, while the working language in which they are performed is English, as it involves young people from four countries of the Western Balkans – Bosnia and Herzegovina, Montenegro, North Macedonia and Serbia**.

Registration will be possible via THE YOUNG calendar available [here](#) ( [MyApp \(mladicalendar.com\)](#) ). It is necessary for interested high school students to register, and registration is very easy: it is necessary to enter their e-mail, name and surname, mobile phone number, password and to mark the country from which they come. **Note: Passwords must contain at least 1 lowercase letter [a-z], minimum 1 capital letter [A-Z], minimum 1 numeric character [0-9] and minimum 1 special character: -.\_@+.** After that, they will be able to apply to the YOUNG calendar and choose the date they want.

The terms are divided into exchanges intended for high school students and exchanges intended for students, because the content of the exchanges will vary depending on who they are intended for. It is important that they choose the term they want and the coach with whom they will attend virtual exchanges. Currently, the calendar includes dates for holding virtual exchanges in february and march, and this activity will be carried out in the coming months.

In addition, we are preparing many **valuable prizes**. The most active and successful exchange participants will have the opportunity to meet in person (in one of the four countries participating in the exchanges) and receive the support of the project team to jointly produce multimedia content dealing with the topic of intercultural dialogue.

More information can be found on our ONAuBiH website, and for all information you can contact me via e-mail [andjela.borovcanin-knezevic@onaubih.ba](mailto:andjela.borovcanin-knezevic@onaubih.ba).
